On 24th Dec 2013, Higrade has hold the 10th years' celebration of Company Building Day. All of the 240 employees have spent a happy night together.

In the beginning of party, Higrade CEO, Mr. Lin made a speaking, title of "Thanks for your companion during the past 10 years". He reviewed the Higrade history from a small workshop to a middle scale group, with 4 branches of plastic injection mould, stamping die mould, plastic parts injection molding and metal parts stamping etc.

During the past 10 years, Higrade is led by Mr. Lin, making a great improvement in the industry of Die & Mould. We have got over many important development difficulties, and get a successful transformation in the domestic and global market.

Up to now, we have made more than 10 thousand dies and moulds for our customers, with good quality and realible reputation.

After the speaking, the celebration party has started. Our staffs have offered some good performances such as dancing, singing, drama, sketch and China Kongfu etc. All of them were excellent and got cheers for many times.

In the future, we will make our best efforts to be a world class die mould manufacturer, offering the high quality products and perfect service for every one.
